

# User testing

## Step 1: The Usability Test

User Feedback: Explain here in detail

1. Categories aren't specific
2. Search bar is difficult to navigate
3. Confused on what default filters are

### Proposed Changes as a result of feedback

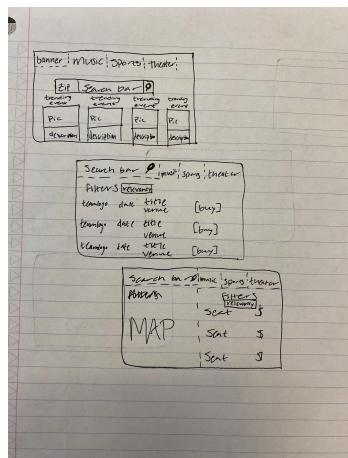

1. Name categories
2. Move search bar to top
3. Say what the default filter is

## Step 2: Revision

Explanation of changes made

1. Name categories and separated them out
2. Move search bar to the top and make smaller in later pages
3. Add section next to filters specifying what kind of setting its on

Sketch with changes

## Step 3: Second Usability Test

User Feedback: Explain here in detail

1. Doesn't say how events are trending
2. What would the picture be
3. How big are the stadiums or venues

Proposed Changes as a result of feedback

1. Add amount of tickets left or bought
2. Add a concert picture
3. Add capacity

## Step 4: Revision

Explanation of changes made

1. "500 tickets purchased in the last hour" counter
2. Picture is specified to be a picture of the artist live or team live
3. Capacity section on map
